OBJECTIVE

To secure the position of Chief Medical Officer in an outpatient primary care practice where I can leverage my extensive experience in occupational and environmental medicine, clinical practice, and public health. My goal is to drive excellence in patient care, enhance practice operations, and implement evidence-based strategies to improve health outcomes. With over 30 years of leadership and managerial experience from military service and business development, I am well-positioned to contribute uniquely and effectively to a dynamic organization dedicated to high-quality primary care services.

EXPERIENCE

Med Fit Consulting, Inc.

President, 2011-Present

- Review peer review of medical records for workers' compensation, disability, independent medical examinations, utilization review and other expert opinions as requested.
